

Testimonials - **Biowashball®**

*"I have been using the Biowashball® for some weeks now and am amazed at how well it works. With extra stubborn stains I use half a teaspoon of the triple orange gel and they come out easily. The Biowashball® is a product that I am recommending to everyone. It has saved me so much money on detergents which are rising in price monthly and it is comforting to know that I am no longer harming the environment with harmful products. Thanks, ladies, for encouraging me to purchase this magic ball." Kind regards,
Karen Harding*

*"Good day,
I recently got a Biowashball® as a present from one of my friends, and to say the least... it has changed my washing day and normal day to day living (as I have a husband with asthma and sensitive skin) I would like to know if I can become a "agent" or selling point for the Biowashball®. Looking forward to hear from you soon." Thanks, **Amanda Beets***

*"I was very sceptical in the beginning. An old towel which has turned grey did change back to white after just 4 washes. Underwear which caused a rash, improved so much that after the 6th wash the rash was completely gone." **Alet Theynissen***

*"We are using the Biowashball® to do handwashing for miners uniforms and it works wonderfully for us. My skin also doesn't get irritated and sore from washing powders any more." **Alet from Welkom***

*"I didn't believe that the little green balls could do washing effectively. I have a restaurant and guesthouse. I previously struggled to get rid of yellow stains from clothing and after the 5th wash it has disappeared. I am also very pleased with my towels. I know of someone else using the Biowashball® who suffers from sinus and after using the Biowashball® for the 1st time his sinus improved dramatically and has now cleared completely." **Casper Pretorius Bothaville***

*"My little boy wakes up with a blocked nose every morning and since using the Biowashball® his nose is completely clear." **Carina Windburg***

*"Our baby daughter's nose was so blocked that we had to get up at night to help her to breath and to clear her blocked nose. After 2 weeks of using the Biowashball® her nose is clear and she no longer has a blogged nose even in winter, in Bloemfontein." **Carl from Bloemfontein***

*"I have a guest house and feel that I will never be able to go without the Biowashballs again. My towels are clean and soft." **Annelie - Middelburg***

"We have been using the Biowashball® for since December 2007. We have a guesthouse and Back Packers Lodge and feels that we cannot operate without our Biowashballs any more. Our towels and linen are nice and soft. What we really appreciate about the product is the fact that it is Eco-Friendly and that the water coming from the washing machine is so clean that it can go straight unto the garden. We are also saving a lot of money by not having to purchase detergent and softener any more. We have already replaced our first set of 6 Biowashballs." **Jurie - Colesberg**

"I have been using the Biowashball® for 2 months now, I am very satisfied with the results and I am now also selling the product. I have successfully removed marmite stains from tablecloths although the product is not a stain remover." **Alta - Stella**

"I am a serious environmentalist and was very sceptical about the product. After the 2nd wash with the Biowashball® I was astonished and very surprise." **Bettie - Bloemfontein**

"I am a housekeeper for 2 families and have been using the BLOWASBALL® since September 2007. I really enjoy the Biowashballs. It is easy and effective to use. One of the family members has an allergy towards detergents and even though we have at times used Biodegradable products it still didn't solve the problem. Since we have started using the Biowashball®, her allergies and skin condition has cleared completely." **Patricia Smith**

"Thank you... I am very happy with the Biowashball®. It really works well even for handwashing." **Brian - The Coaching Solution**

"I am using my BLOWASBALL®. Please mail me a brochure I gave mine away to a friend in Jhb . My towels seem softer without the washing powder. I will keep you updated on how we progress." **Thanks, Margaret**

*"Carlo,
Thank you for the e-mail. It is truly the most wonderful product I have ever worked with. I have already washed my sheets and it smells nice, fresh and clean. I will advertise the Biowashball® in the village."* **Regards, Aunt Pollie**

"Our daughter, Charlotte, of 15 years old, has always had a serious problem with eczema, mostly the type concerned with being in touch with detergents or chemicals, not due to diet allergies. Therefor laundry has always been a problem, because of the effects of clothing, bedding, towels, ect which caused serious eczema. At times it created secondary infection which could only be healed by using anti-biotics. We've been using your green balls (don't even know the name of your product) since beginning of 2008 with our laundry and Charlotte's eczema now only breaks out when she is on holiday away from home or sleeping over at a friend, in other words when she is in touch with strange linen ect. Thank you for your concern about the environment, which includes us as well." **Helene Cronje**

*"My Biowashball® is wonderful it **cleans our clothes** without harmful chemicals and with no mess or damage to our washing machine – **I love it!**" Maree of Claremont. WA "We were trying to reduce the number of chemicals used in our home when we came across Biowashball®. We are delighted with the results. Clean clothes without chemical detergents – it **REALLY works!**" **Sandra P. Mount Pleasant. WA***

*"I was sceptical at first, but **WOW, I am impressed.** Not only is it better for my health, but less damage to the environment is a huge plus. I can now even use my washing machine grey water to irrigate my veggies!" Richard, DENMARK. WA "After purchasing the Biowashball® I am very pleased with the results and think it is a fantastic product. I am a naturopath treating a lot of people with **allergies** to detergent, therefore the Biowashball® will prove to be a wonderful product to combat this problem" M. Moran – Victoria "The Biowashball® is **cost effective and so easy to use.** No Mess. I have been using the ball for a month and have found it to be amazing to get clothes clean and also soiled clothes, everything is really clean. I will never go back to using detergents, plus this is a product for the future and well being of the planet. J. Rankin – Victoria " ... not only is it eco friendly, but it's so **easy to store!**" **Yvonne, Madrid***

*"My daughter is **allergic to detergents**; in Biowashball® we've found a perfect solution to doing our laundry without affecting her allergies. Biowashball® is the answer for us. Max Planquet NEW YORK "I've traded my detergent, bleach and fabric softener for the Biowashball®. BETH Toronto, CA "This product is the best thing I have ever used. It cleans the clothes and I love the fact it is anti-bacterial. Thanks for such a great product and being that it is environmentally friendly I really can't think of something better for everyone. It's going to **save us so much money.** Thanks sooo much!" **Michelle Williams – Lansing***

Over 10 million Biowashball®s sold world-wide.
